## Our Hospitals

Hotel Dieu Hospital is the ambulatory care (outpatient) centre, recording more than 370,000 specialized clinic visits, day surgeries and other procedures each year.

Kingston General Hospital serves the needs of our most acutely ill patients – those who need immediate, full or specialized services, including those who have been diagnosed with cancer.

Providence Care serves patients with complex, rehabilitation, geriatric and mental health care needs at three sites – Mental Health Services, Providence Manor and St. Mary's of the Lake Hospital.

University Hospitals Kingston Foundation is the fundraising arm for Hotel Dieu Hospital, Kingston General Hospital and Providence Care. Created in 2005, the Foundation raises money for programs, equipment, education and research that benefit the 500,000 people in Kingston and Southeastern Ontario served by the three teaching hospitals.

# Foundation Society

You can change lives.

## Why become a member?

By becoming a Foundation Society member, you will be reaching out to touch lives. Your support allows us to bridge the gap between government support and our commitment to excellence in comprehensive care. You are helping to fund research, education and vital equipment ... touching the lives of people throughout southeastern Ontario.

Your annual gift is deeply appreciated. On behalf of those you are reaching out to help, we extend our thanks and hope that the following gestures of appreciation convey the depth of our gratitude. Should you choose to direct your gift to support the work of all three hospitals, your gift will be recognized at all three hospitals.

For over 160-years, the people of Kingston and the region have played a vital role in the development of Kingston Hospitals – Hotel Dieu Hospital, Kingston General Hospital and Providence Care.

Foundation Society members, a special group of hospital supporters, give to Kingston's hospitals to support equipment, research and education opportunities ensuring that Kingston hospitals remain world-class facilities with a comprehensive range of care. Your joining will have an impact.
