I'm new to the Kingston area and one of the best things about Kingston, and making the move a lot easier is my diabetes educator/dietitian Sarah Roney. From our first conversation till this very day, she has been awesome, going above and beyond her required duties and making sure I'm in good health, both in mind and body and being a great person to deal with, without a doubt an asset in the healthcare field in the Kingston area. Thank you Sarah, keep up the great work.
